Dear Dan,

I first called your company to come and possibly buy my home in Henrico County when I noticed you were a member of the Better Business Bureau. As I hoped, you were honest in your dealings with me and readily explained everything so that I would be able to make a good decision. Thank you so much for buying my home in such a convenient way and for being honest and respectful. You were a pleasure to do business with.

Sincerely,

*Sheronda E. Baker*
